INTRODUCTION

When the wealthy owner of the **Hurricanes** mysteriously disappears, his teenage daughter Amanda Carey inherits a soccer club. The team is based on the Caribbean Island of Hispanola and plays in the prestigious World Soccer League. An oddball assortment of prima donnas with behavioral problems and rejects from other teams, the **Hurricanes** had become the laughing stock of the soccer world – until Amanda brought the notorious Cal Casey out of retirement to whip the players into shape. The 16 year-old female soccer fanatic and experienced old pro embrace the challenge of transforming the unruly underdogs into a winning team. Her mother frowns on the whole idea but Amanda is adamant, so Mrs. Carey delivers an ultimatum – if the team isn't out of the soccer basement within a year, or if her school grades slip, the club goes up for sale. The malevolent Stavros Garkos, shady owner of the Gorgons, has already made a standing offer, so the **Hurricanes** must perform.

The cartoon series follows the on and off-the-field exploits of the colorful characters involved in the world's most popular professional sport. Now here's your chance to take an active role in the latest adventure in the chronicles of the **Hurricanes**...

SCENARIO

The fiendish Stavros Garkos has challenged our heroes to the ultimate showdown on the Island of Garkos. It is time to decide once-and-for-all which is the best soccer team in the world. To add further spice to the contest, Stavros has put a \$100,000 stake on the game, which will be donated to charity if the **Hurricanes** win.

Your task is simply to guide the squad from their island base on Hispanola to the Gorgon Stadium in time for kick-off. However, nothing is straightforward when the dastardly Gorgons are involved – they will try to ambush you at various stages along the weird and wonderful route using a whole range of underhanded tactics. If the sabotage works and the **Hurricanes** don't make it to the stadium, you will forfeit the match and the Gorgons win without kicking a ball.

Take control of either Cal or Napper to overcome the devious puzzles and traps set by your arch rivals. You will be challenged by an array of cunning enemies during each "episode" and then face one of the mercenary Gorgon players who must be defeated to reach the next level. Use your soccer skills to find weak spots in each opponent and turn on the soccer power! **GO HURRICANES!**

Hack through the dense jungle in search of the train. (Watch out for

slithering vine snakes, sneaky snails, foul frogs, and homicidal humming birds that cross your path.)

You find yourself lost in some ancient Mayan ruins. Don't let killer wasps, army ants or Mayan warriors keep you from getting back on track to the train!

Stage 3 - Abandoned Train

Having finally found the train you must stop Lobo the Wolf from firing the steam valves. To de-rail him before he gets a chance you'll have to get past Gorgon hooligans along the way.

Stage 1 - Garkos Airport

Escape from the infested airport, hopping with Gorgon hooligans.

Stage 2 - Garkos Jungle

You have more jungle terrain to navigate but this time it's in Gorgon territory. Slithering vine snakes, foul frogs and homicidal humming birds are awaiting your arrival.

Can you sneak through the Gorgon training camp without getting caught? The Gorgon Youth Team will try to prove you can't. Show them how wrong they are and just how tough the Hurricanes can be!

EPISODE 5 - THE STADIUM

You've finally made it to the stadium, but now you have to get to the field in time for kick-off. Time is running out...

Stage 1 - Gorgon Gym

Go through the stadium entrance into the gymnasium. Be prepared for Gorgon hooligans waiting to stop you from getting to the field on time.

Stage 2 - Gorgon Gym Part II

Avoid the angry mobs of Gorgon fans as you pass through the locker rooms and gym. You can't relax yet – Gorgon hooligans are on the job.

Stage 3 - The Tunnel

Stavros Garkos is waiting for you with \$100,000 at the end of the tunnel to the field. It won't be easy. Are you up to one more round with the Gorgon Hooligans?
